

To Our Wonderful Patients,

On March 24th Governor Whitmer's EXECUTIVE ORDER No. 2020-21 went into effect. This order requires the suspension of activities that are not necessary to sustain or protect life. We would like all our patients to know that we will be complying with this State order as well as any Federal guidelines. That being said we are physicians and are considered "essential personnel," so you can be sure we will be here for you during this time of need.

At this time we are able to do TeleMedicine visits as well as Online Digital Evaluations for routine visits. These visits are billable to your insurance and just a call to the office is all it takes. We will still be able to see patients in the office for EMERGENCIES, ULCERATIONS, and POST OPERATIVE VISITS. If you have any questions please don't hesitate to call or email us as the staff will be available during regular business hours and our answering service is available after hours. During this time changes are occurring constantly and we can assure you that the safety of our patients and our staff is of utmost importance to us. We thank you for your understanding and look forward to seeing you all once the order has been lifted. Stay healthy, stay safe, and #StopTheSpread.

Sincerely,
Drs. Militello, LaLama, Berkowitz, & Samsel-Militello
